

Meet ^{the} Legend Bob Heil

The founder of Heil Sound will be at Vintage King, Nashville for a very special talk about the company's ground breaking microphone products. Live product demonstrations, discussions and a presentation of Heil Sound's long and storied history in the concert sound industry. Come meet the man who wrote the book (literally) on concert sound reinforcement and was responsible for the Heil Talk Box, The Who's Quadrophonia system, not to mention the PR 20, PR 30, PR 35 and PR 40 microphones that are used by artist worldwide today. The first and only pro audio manufacturer to have a display in Cleveland's Rock & Roll Hall of Fame Museum and is in the new Fender Center Museum.
